HUSTONVILLE PHYSICIAN

Writes in Favor of Bond Issue For Roads—Rockcastle News.

Mt. Vernon, Sept. 23.—Dr. W. J. Childress, of Hustonville, writes a strong card in the Mt. Vernon Signal this week in favor of the good roads bond issue for Rockcastle. He said in part:

Recently I had occasion to be in your county and while there I heard a great deal about the voting of bonds for the purpose of building pikes. This movement I heartily endorse. Being reared in Rockcastle county and having practiced medicine there for ten years I realize much more than the average citizen the necessity of good roads and especially do I realize this after having lived in a county and community where good roads abound. I consider this the greatest proposition ever submitted to the voters of your county and I feel that every honest right thinking man will vote for this great measure as it means more to each and every individual and citizen than anything else could possibly mean. Good roads will enhance the value of property, save you time and give you comfort in travel and besides open up different avenues for speculation and property.

A strong campaign is being made and it is believed the bond issue will carry.

We are glad to report Mr. S. H. Martin very much improved.

Mrs. Julia Cooper is here from Crab Orchard the guest of Mrs. C. C. Williams.

Henry DeBorde, of near Crab Orchard died at Pine Hill Tuesday, after an illness of two days. He was working for the "K. P."

Judge R. G. Williams accompanied his mother home from Covington and spent from Saturday until Monday here. The Judge feels a very great interest in the success of the road question in Rockcastle.

George Taylor, a good citizen, of the Buckeye section died Sunday morning after suffering four years with lung trouble. He leaves a widow, two sons and three daughters to mourn the loss. The two sons, Gene, who is grown, and Johnny, aged 12 are at home. The three daughters, Mrs. Alfred Bryant, Mrs. Elmer Dowell and Mrs. John Treadway all live in this county.

An electric light franchise was sold Tuesday, Mr. J. E. Shoop, of Danville, being the purchaser. We understand that Mr. Shoop will commence at once the erection of the plant. Electric lights are one of the long felt wants of Mt. Vernon and with this one great addition, we will confidently look forward to other industries which have been kept out by reason of not having the lights.

Rev. C. T. Claunch went to Waynesburg yesterday to begin protracted meeting at the Baptist church there. He will hold revival services here beginning about October 14.

There was a kind of Sunday school entertainment at Landram's school house Sunday evening that was quite enjoyable affair. The children acquitted themselves in a manner that was highly creditable. Mrs. William Lawhorn, had drilled them for the occasion and spared no pains to make the exercises a success.

A paw paw tree on Mrs. Martha Fogle's farm on the Liberty pike, less than seven feet high bore 62 large paw paws this year. It bore 48 last year. It looked something like a banana stalk before much of it dropped off.

men, came up the Liberty pike Friday at breakneck speed, ran over Varney Moore's favorite dog and sent him to kingdom come in a great deal less time than it takes to write these lines. Varnie was at Liberty, when it occurred and you can imagine he felt "dog gone" bad when he came home and learned of the fate of Rover.

Mrs. J. J. Durham of the Mt. Olive section, was thrown from a horse a few days since and had both arms broken between the hands and elbows. She is about 65 years of age, and the accident is quite a serious one. Dr. W. T. Garner, who set the broken bones says she will get along all right.

It is estimated that at least 5,000 children attended, and took part in Superintendent, J. C. Lays' school rally at Liberty last Saturday. They went down in wagons, buggies, horse back, in fact every manner of conveyance was adopted to carry them to the county's capital.

Jack Wells played a good joke on Sheriff W. T. Brown and Mack Jones, sometime ago. Mr. Brown had a capias for one, Clay Snow on Indian creek and took Jack along to identify Snow. On the way they saw Mack Jones coming their way, when Jack, who is always out for fun, saw an opportunity to play a joke, and said to the Sheriff "There is your man Snow now." Mr. Brown alighted from his buggy and going up to Mack said: "This is Clay Snow is it not?" "No it is not Clay Snow" replied Mack. "Well I guess it is Clay too" said Brown "and I have an order of arrest for you." Mack twisted about in a manner peculiar to himself and protested that his name was not Snow, but Brown proceeded to get out his papers when Jack became so full he could not stand it no longer and burst out in a hearty laugh. They then saw the joke and talked seri-

ously of taking him out of the buggy and giving him a sound thrashing but he persuaded them to let him off. It really makes but little difference what ticket Dinsmore runs on. He stands about as much show as a bob-tailed bull in fly time. Harvey Heba will carry every county in the district, mark our prediction.

The teachers of the graded school gave an ice cream supper at the college Friday night from which they realized about \$20. The proceeds will be used in papering two of the school rooms.

D. C. Bybee, teaming contractor living at 609 Keeling Court, Canton, Ill., is now well rid of a severe and annoying case of kidney trouble. His back pained and he was bothered with headaches and dizzy spells. "I took Foley Kidney Pills just as directed and in a few days I felt much better. My life and strength seemed to come back, and I sleep well. I am now all over my trouble and glad to recommend Foley Kidney Pills." Try them.
